

Join the Consumer Voice's Assisted Living Resident Focus Group!

June 2013

Are you receiving care in an assisted living facility?

If so, join the Consumer Voice Assisted Living Resident Focus Group

The National Consumer Voice for Quality Long-Term Care (Consumer Voice) - a national organization that advocates for quality long-term care - is forming a focus group to get your input and thoughts on issues related to the care and services you receive in your assisted living facility.

As a participant in this group you will have the opportunity to:

- Respond and react to ideas and suggestions for changes in long-term care.
- Provide us with feedback on personal experiences regarding your care.

Your feedback will be used to guide us in our policy work.

When will the Assisted Living Resident Focus Group be held?

The first focus group will take place **Tuesday, August 20th, 2013, from 2:00-3:30 pm ET.** Once you join the focus group, you will be given additional details of our first call.

How can you sign up?

Contact Sara Cirba at scirba@theconsumervoice.org, 202-332-2275 x 221, or toll-free at 866-992-3668.

We hope you join our new Assisted Living Resident Focus Group and look forward to hearing from you in August!
